# Hosted Exchange Mailboxes

Introducing hosted e-mails. Ideal for smaller businesses who do not have the need for a dedicated server, but who require a professional e-mail messaging solution.

Hosting your Exchange allows your company to use the fully feature MS Exchange software, something that many smaller companies could not afford.

## Benefits

Company Domain  
(name@businessname.com)

Ideal for small businesses

3 GB of storage

Accessible from anywhere in the world

Outlook Client access

Active Sync mobile email compatible

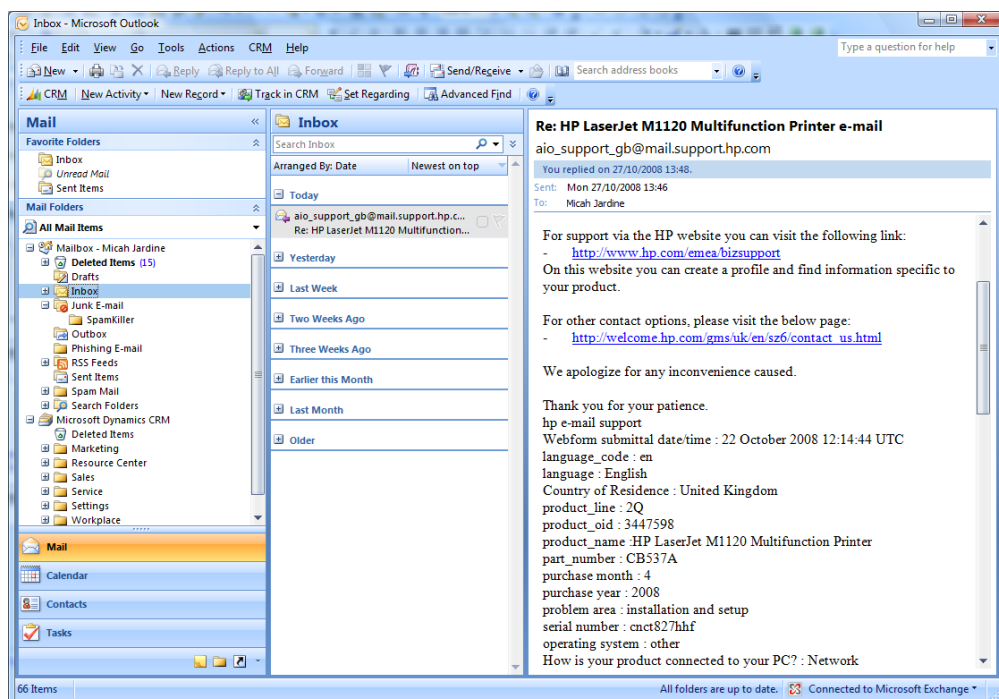

Blackberry compatible

Free Virus and Spam filtering

Full backup of your data

Exchange 2007

Ring 0800 043 9612

Microsoft Exchange allows wireless access, shared calendars, shared contacts and Push technology, which synchronises your Exchange mailbox with your mobile phone. You also have web access to your e-mail at all times!

Use Microsoft Outlook e-mail client to easily access and manage your email, calendars tasks, meetings and calendars.
