

JUBSON IT
INFORMATION TECHNOLOGY

Jubson can manage your systems!

As your company grows so will the complexity of your IT systems, let Jubson's seasoned professionals manage your IT systems. Using advanced tools and functions, we make sure your systems are running smoothly, and if there is a problem we have the know how to fix it.

Hiring somebody full time to do your IT work will cost you 10's of thousands of pounds, with a Jubson IT management and support contract you will pay a fraction of that. With our remote management functionality we can ensure your systems are fully up to date and protected, well maintained allowing you to concentrate on more important tasks.

Management Tasks

Microsoft Security Updates

Account Administration

Health Check

Regular Maintenance

Service Monitoring

Troubleshooting

Helpdesk

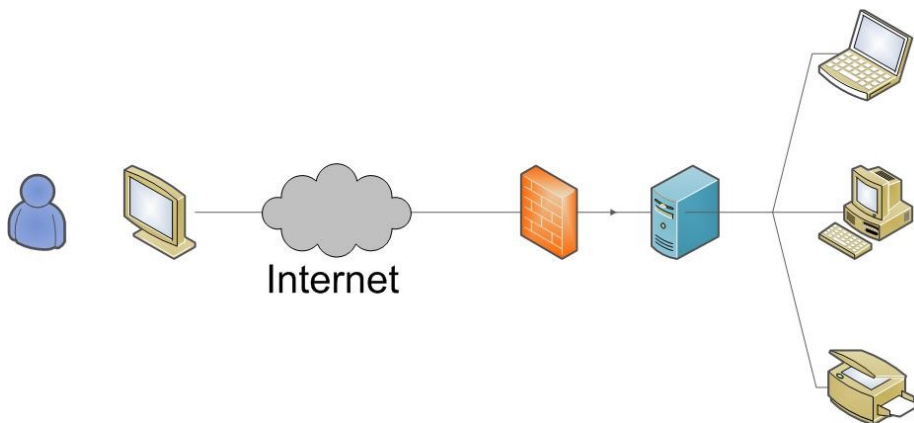

Network Monitoring

Server Administration

Exchange Administration

Group Policy Administration

Backup Monitoring

Of course not all jobs can be done remotely so we also have regular site visits where you can discuss any issues you want face to face.

Emergency cover! Nobody likes to think about it, but if disaster strikes then you know you have the backup of Jubson. We will ensure you are back up and running, with minimal delay.

Take the stress out of IT management and ring Jubson today on **0800 043 9612!**
